## Travel Tips

While driving on a trip or emergency if your Wipers stop working, stop at any Convenience Store & buy a Lemon. Cut it in half & wipe the Windshield & follow it with the Lemon. The Rain droplets will flatten off.

(2)

If you have a rear Wheel Drive Vehicle & you can't make a slight grade on Ice or Snow? Its because one Wheel is pulling & the other is slipping. Slightly press the Parking Brake or Work the Hand Lever & both rear Tires will pull evenly.

(3)

If your Car will not start but the Engine is cranking good. Make sure the car is in Park or Neutral. Have someone hold the Key on start & with the side of a Hammer hit the Bottom of the Gas Tank. Hit it pretty hard about half a dozen times. 'Temporary Repair' Drive it but don't shut it off until you get Home. 'Temporary Repair' Needs Fuel Pump?

#2 ★

(4.)

Always have a 'Hideaway'

(5.)

Never stop for any Flashing Lite behind you Day or Night. Put on your Four way Flashers & Drive normally until you reach a Crowded parking lot or well lit area near a Store or Gas Station. The Officer will understand. If he don't? Then go to 'Court. You'll Win'

(6.)

Girls, Ladies. Young Male Drivers. 'Item' Flat Tire at Night or Lonely Road. 'Drive slowly' until Shopping Center - 7/11 - or Home. Its only a 'Replace - repl' Tire.

(7.)

If your Brake Pedal is going to the Floor. Never put any thing in your Master cyl but 'Brake Fluid'

(8.)

'Oil never'

Put Five extra pounds of Air Pressure in all Four Tires. Very 'slight' harder ride, but about three to Five more miles per Gallon.

(9)

Slippery driving - Ice - Freezing Rain or Snow. Going down hill with Rear Wheel Drive. Gear Transmission down to Low or D<sup>I</sup>. - With Front Drive - Apply pressure with Hand or Parking Brake. Stay off 'Foot Brake' much as possible.

(10)

'Any' Car problems - Call 'Jim' first for advise.
